CONTINUATION OF SECTION RE: At least one error upon which reissue is based is described as follows:

Original Patent Claim 13 provides as follows:

A method of making an in-line skate comprising:

providing a single piece of metal suitable for forming

forming said piece of metal into a skate chassis having a top portion, a bottom portion and two sides extending in a length direction;

forming a plurality of apertures in the bottom portion of the chassis along its length direction;

coining a plurality of annular projections from said piece of metal in areas surrounding said apertures to form a plurality of spacers extending from each side of the chassis toward the opposite side of the chassis;

rotatably mounting a plurality of wheels on axles extending through the apertures; and mounting footwear to the top portion of the chassis.

Patentee has the right to claim a process of making an in-line skate that does not require providing a single piece of metal from which a plurality of apertures and a chassis are formed.

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

 is attached hereto. was filed on \_\_\_\_\_ as reissue application number \_\_\_\_\_and was amended on \_\_\_\_\_  
(If applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

 I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verify believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

 by reason of a defective specification or drawing. by reason of the patentee claiming more or less than he had the right to claim in the patent. by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Original Patent Claim 13 provides as follows:

A method of making an in-line skate comprising:  
providing a single piece of metal suitable for forming  
forming said piece of metal into a skate chassis having a top portion, a bottom portion and two sides extending in a length direction;  
forming a plurality of apertures in the bottom portion of the chassis along its length direction;  
coining a plurality of annular projections from said piece of metal in areas surrounding said apertures to form a plurality of spacers extending from each side of the chassis toward the opposite side of the chassis;  
rotatably mounting a plurality of wheels on axles extending through the apertures; and  
mounting footwear to the top portion of the chassis.

Patentee has the right to claim a process of making an in-line skate that does not require providing a single piece of metal from which a plurality of apertures and a chassis are formed.
